## ABOUT ME

ANDREW  
MILLER

### PERSONAL INTERESTS

My two boys, 15 and 13, and my partner leave me little spare time. But with what I have, I follow my passion for playing, supporting and coaching the beautiful game - football.

I love the outdoors which includes biking, walking and skiing in the beautiful New Zealand wilderness. I also have a healthy interest in music and films, plus a love of the visual arts, which has captivated me all my life.

### PERSONAL INFORMATION

I have an easy going, friendly nature that enables me to interact and communicate very effectively with my peers and associates.

Either working self-directed on my own, or as a member of a team, I am equally happy. I am driven when it comes to my work and cannot rest until a project comes up to the very high standards that I set myself.

Whether working or in life generally, I relish a challenge and enjoy learning new skills.

Apart from minor football injuries, I am generally in excellent health.

I have a full, clean, driving licence.
